SEO

These checks ensure that your page is optimized for search engine results ranking. There are additional factors Lighthouse does not check that may affect your search ranking. [Learn more](#).

Content Best Practices — Format your HTML in a way that enables crawlers to better understand your app's content.

- ▲ Document does not have a meta description
- ▲ Image elements do not have `[alt]` attributes

Crawling and Indexing — To appear in search results, crawlers need access to your app.

- ▲ Page is blocked from indexing

Additional items to manually check (1) — Run these additional validators on your site to check additional SEO best practices.
